

# FROM A SINGLE DOOR, TO A MULTI STOREY BUILDING, SECURE6 HAS YOU COVERED.

## YOUR VERY OWN LOCKING SYSTEM

SECURE6 is a master key system which acts as a crucial element in ensuring your building has the highest level of security and flexibility. It regulates the various access points in and around your building, and specifies each person's access rights.

## WHAT IS RESTRICTED KEYING?

Restricted master key systems prohibit other key manufacturers, locksmiths and key cutters from legally making unauthorized copies of your specific key blank.

SECURE6 has protection against illegal duplication by design registration until 2024 which gives you peace of mind knowing your SECURE6 keys will never be created without your knowledge or approval.

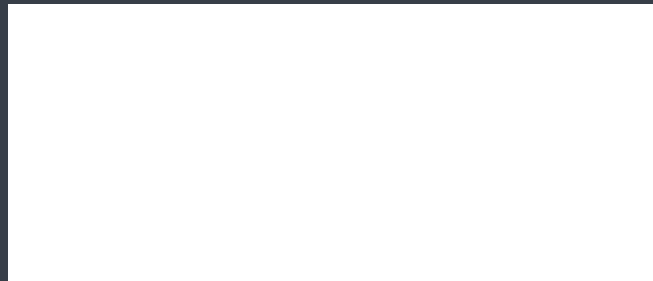

# SECURE6
